## INVESTING FOR A GREENER FUTURE

The Tamil Nadu Green Climate Fund (TNGCF) supports projects that reduce greenhouse gas emissions and enhance climate resilience. The fund aims to play a role in transforming Tamil Nadu into a net-zero and climate-resilient state. The fund intends to

- Abate 25 million tonnes of CO<sub>2</sub> over the fund life.
- Recycle 2.5 million tonnes of waste over the fund life.

## INVESTMENT FOCUS

**Energy Transition**  
Focus on renewable energy, energy storage, and alternative fuels.

**Mobility**  
Promote electric mobility, reduce fossil fuel-based transportation emissions, and advance electric vehicle components.

**Circular Economy**  
Emphasize material recycling for wealth creation from waste.

**Agri/Food/Forests**  
Support nature-based business solutions that help in abating greenhouse gas emissions.
